**A leading carpet manufacturer  
dedicated to green technology and  
environmentally friendly  
production methods.**

As a leading carpet manufacturer, Tuntex is committed to its green and environmental production technology and methods. Tuntex has extensive experiences in the carpet industry and has been continuously improving the quality and technology of its eco-friendly carpets, rising to be a global leader in the industry.

With more than 50 years of experience in carpet manufacturing industry, Tuntex is proud to stand at the forefront of the field of environmental protection and eco-friendly carpet production. As the company's partners are all over the world, Tuntex continuously develops its products and adopts and shares green technologies with its team worldwide. Tuntex strives for innovation, incorporates leading technology to continuously explore the latest carpet materials and production facilities to produce safer, more exquisite, and more durable carpets.

## Tuntex Premium Collection for Luxury Spaces

ROA.R Collection is sustainable and eco-friendly. It utilizes Tuntex's solution dyed nylon, nexlon™, and Tuntex Recycled Commercial Duraback. It incorporates special treatments to create a comfortable and safe indoor space; its built-in odour reducer **ECOFRESH™** so helps improve indoor air quality.

### Re-engineering of yarn

- Increasing carpet performance
- Bringing affordability to luxury

### Creative Design with ColorPoint

Leading design with state of the art tufting equipment

## Sustainable Contribution

We recycle both pre-consumed & post-consumed waste to manufacture our products.

Using in-house premium yarn nexlon, we minimize carbon footprint

Eliminates water waste and reduces pollution to a minimum level

By reusing recycled waste, we conserve resources in manufacturing process.

15 year warranty

ROA.R products featured with Tuntex special treatments to keep indoor space comfortable and safe. With Stainshield, Soil Guard, and Microshield Treatments, the ROA.R collection has protection against dirt, stains, spills, and the growth of microorganisms, making the carpets easier to maintain and clean.

STAINSHIELD™

SOILGUARD™

MICROSHIELD™

## TUNTEX'S EXCLUSIVE ODOUR REDUCER

### ECOFRESH™

Helps to optimise indoor air quality

Effectively reduces indoor odour including: smoke/nicotine, food smell and other organic odours.

A mix of organic and inorganic ingredients without any harmful chemicals.

Embedded in the carpet during manufacturing process, long last and self-renewable with proper airflow conditions.

# T716G VINTAGE

The vintage style reminds us of preserved architecture · antique cars made in the early 19th century. "Vintage" also refers to high quality within the wine industry, as it reflects the year of the grape harvest, the water and weather they received, which gives the wine a particular identity and unique taste for that year.

# E-Concept

E-Concept is Tuntex's carpet plank collection; No longer limited to square tiles, Tuntex's revolution of traditional carpet has brought a new world of flooring design.

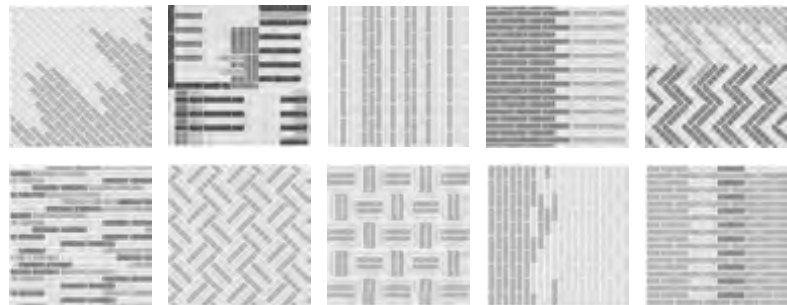

## What is Plank

Without the limitation of traditional square tiles, carpet planks provide a modern vibe for indoor spaces

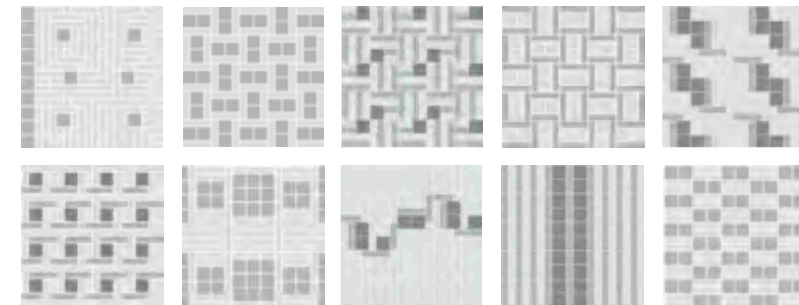

### Countless Carpet Installation Combinations

Tuntex planks installed in different methods create a unique aesthetic. Allowing endless possibilities of combining Tuntex planks will inspire more design ideas and set new trends beyond expectations.

### More Innovative Combinations with Traditional Carpets

Carpet planks can create amazing designs when combined with traditional square carpet tiles and LVT floorings as well.

## Sustainable Contribution

We recycle both pre-consumed & post-consumed waste to manufacture our products.

Using in-house premium yarn nexlon, we minimize carbon footprint

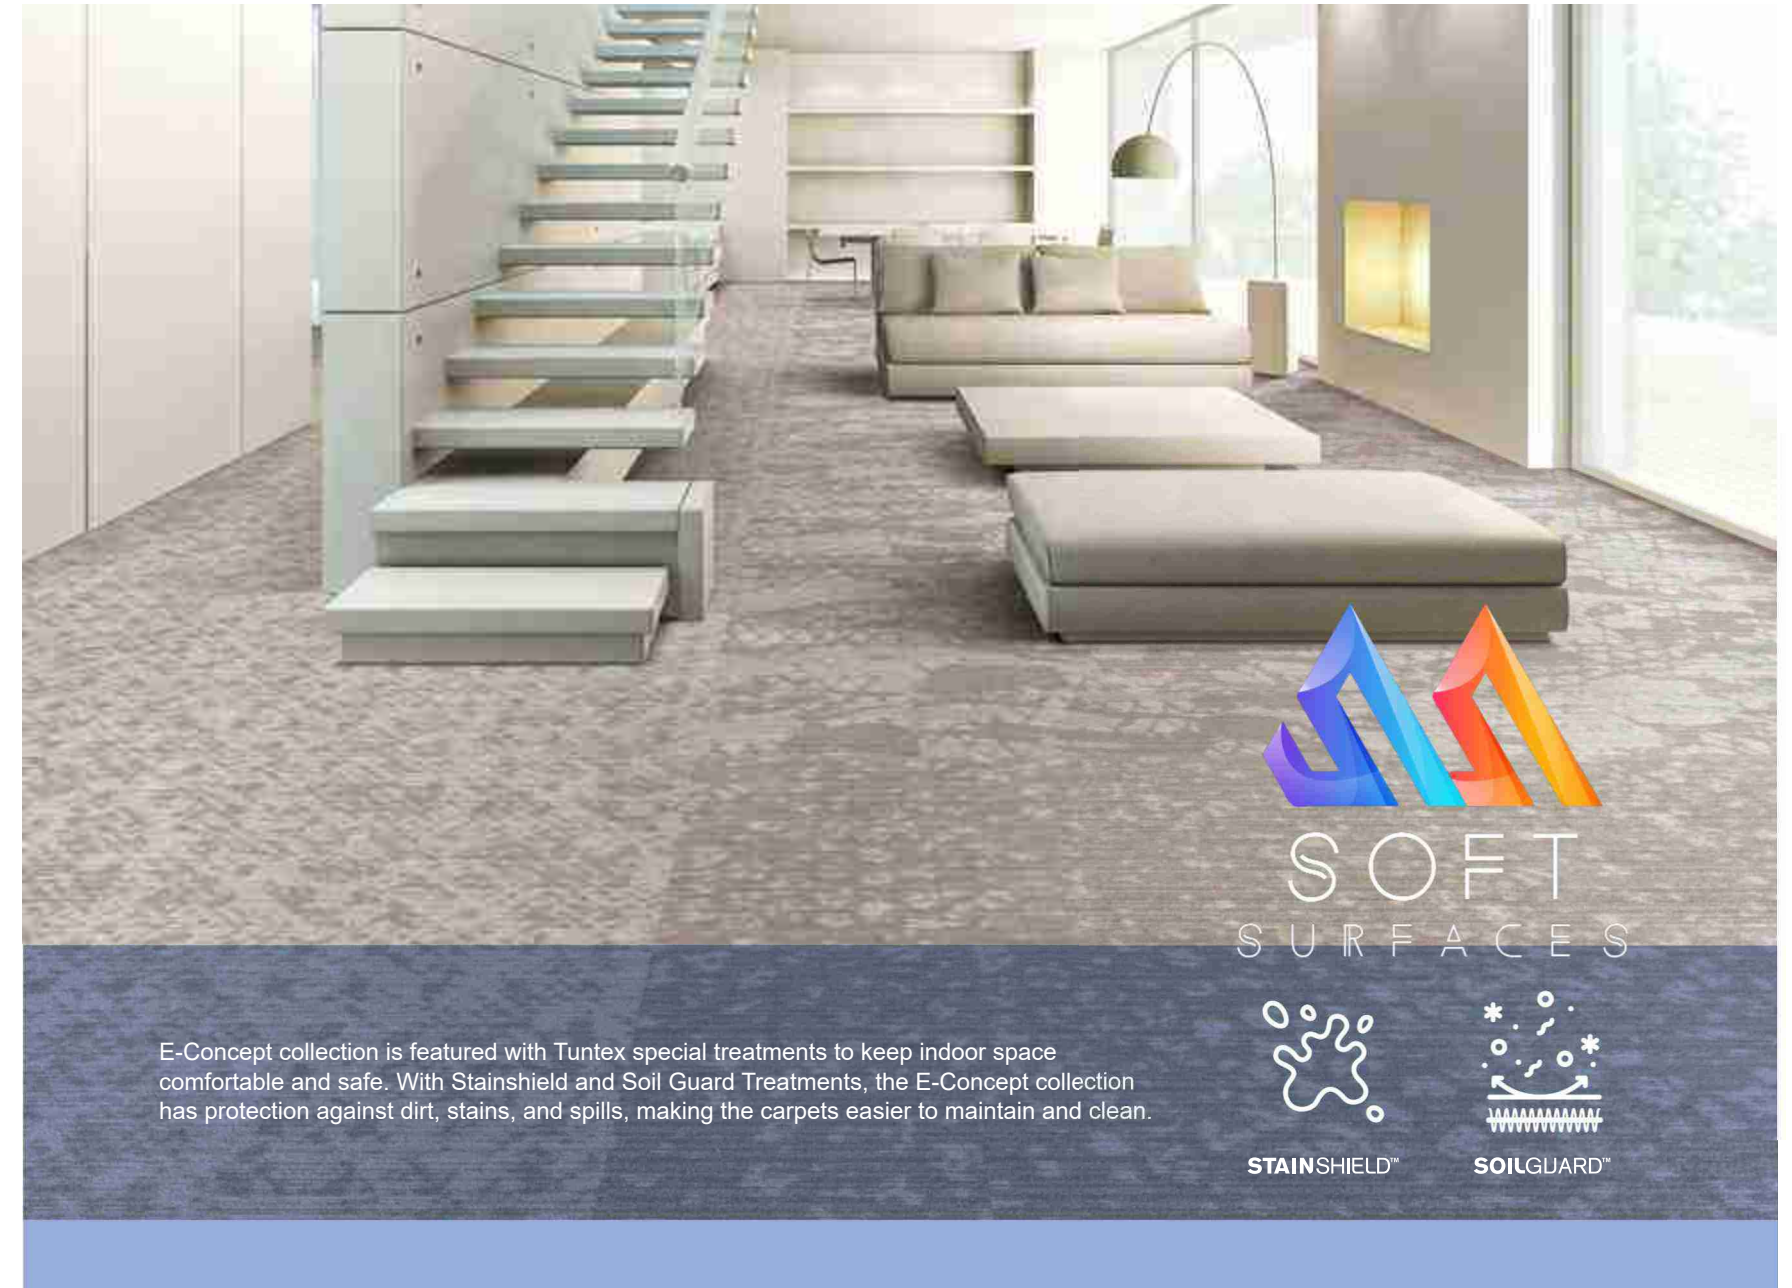

Eliminates water waste and reduces pollution to a minimum level

By reusing recycled waste, we conserve resources in manufacturing process.

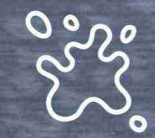

15 year warranty

E-Concept collection is featured with Tuntex special treatments to keep indoor space comfortable and safe. With Stainshield and Soil Guard Treatments, the E-Concept collection has protection against dirt, stains, and spills, making the carpets easier to maintain and clean.

# T851G TETRIX

Tetris is a block-based puzzle game invented in the 80s and has been one of the most popular classic video games among all generations. It has a very simple goal of destroying blocks by completing a line without reaching the top. The game provides a lot of fun by stacking and organizing the colorful blocks as if building a brick wall.

# Classic

## A Collection that Never Loses its Beauty

Tuntex's Classic Collection is timeless. The products under the Classic Collection not only offer a wide variety of colors, they also present different patterns and designs for all kinds of interiors.

## Sustainable Contribution

We recycle both pre-consumed & post-consumed waste to manufacture our products.

Using in-house premium yarn nexton, we minimize carbon footprint

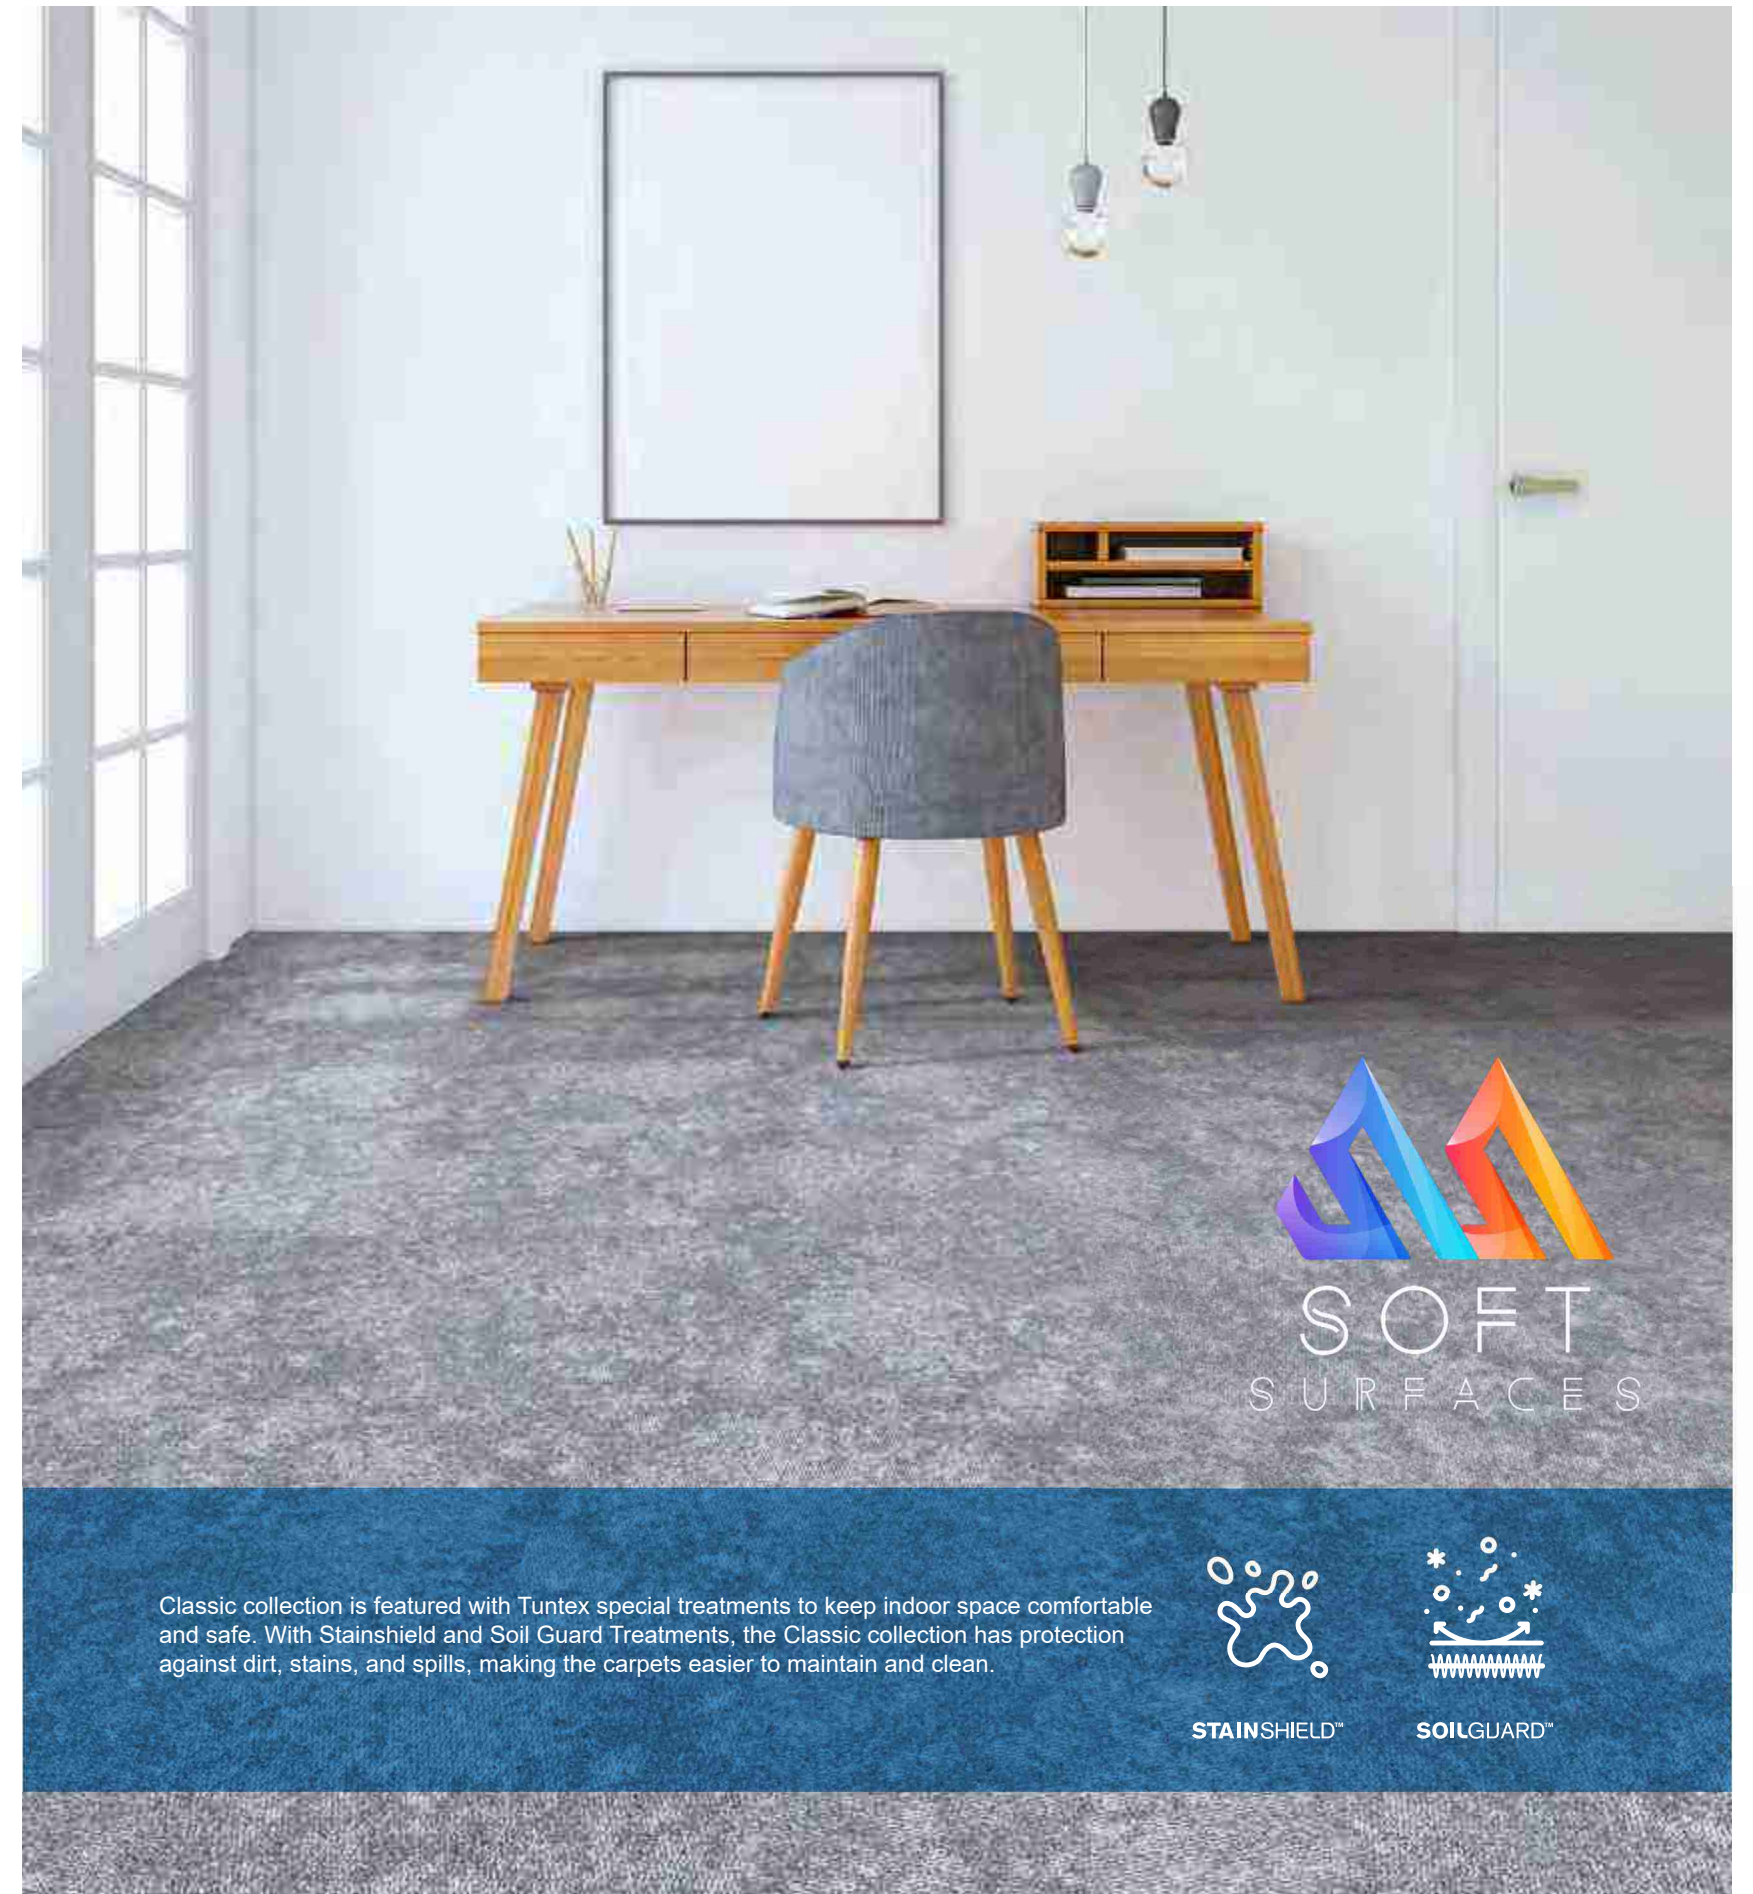

Eliminates water waste and reduces pollution to a minimum level

By reusing recycled waste, we conserve resources in manufacturing process.

15 year warranty

Classic collection is featured with Tuntex special treatments to keep indoor space comfortable and safe. With Stainshield and Soil Guard Treatments, the Classic collection has protection against dirt, stains, and spills, making the carpets easier to maintain and clean.

Preferred Classic, Timeless Designs for Indoor Spaces

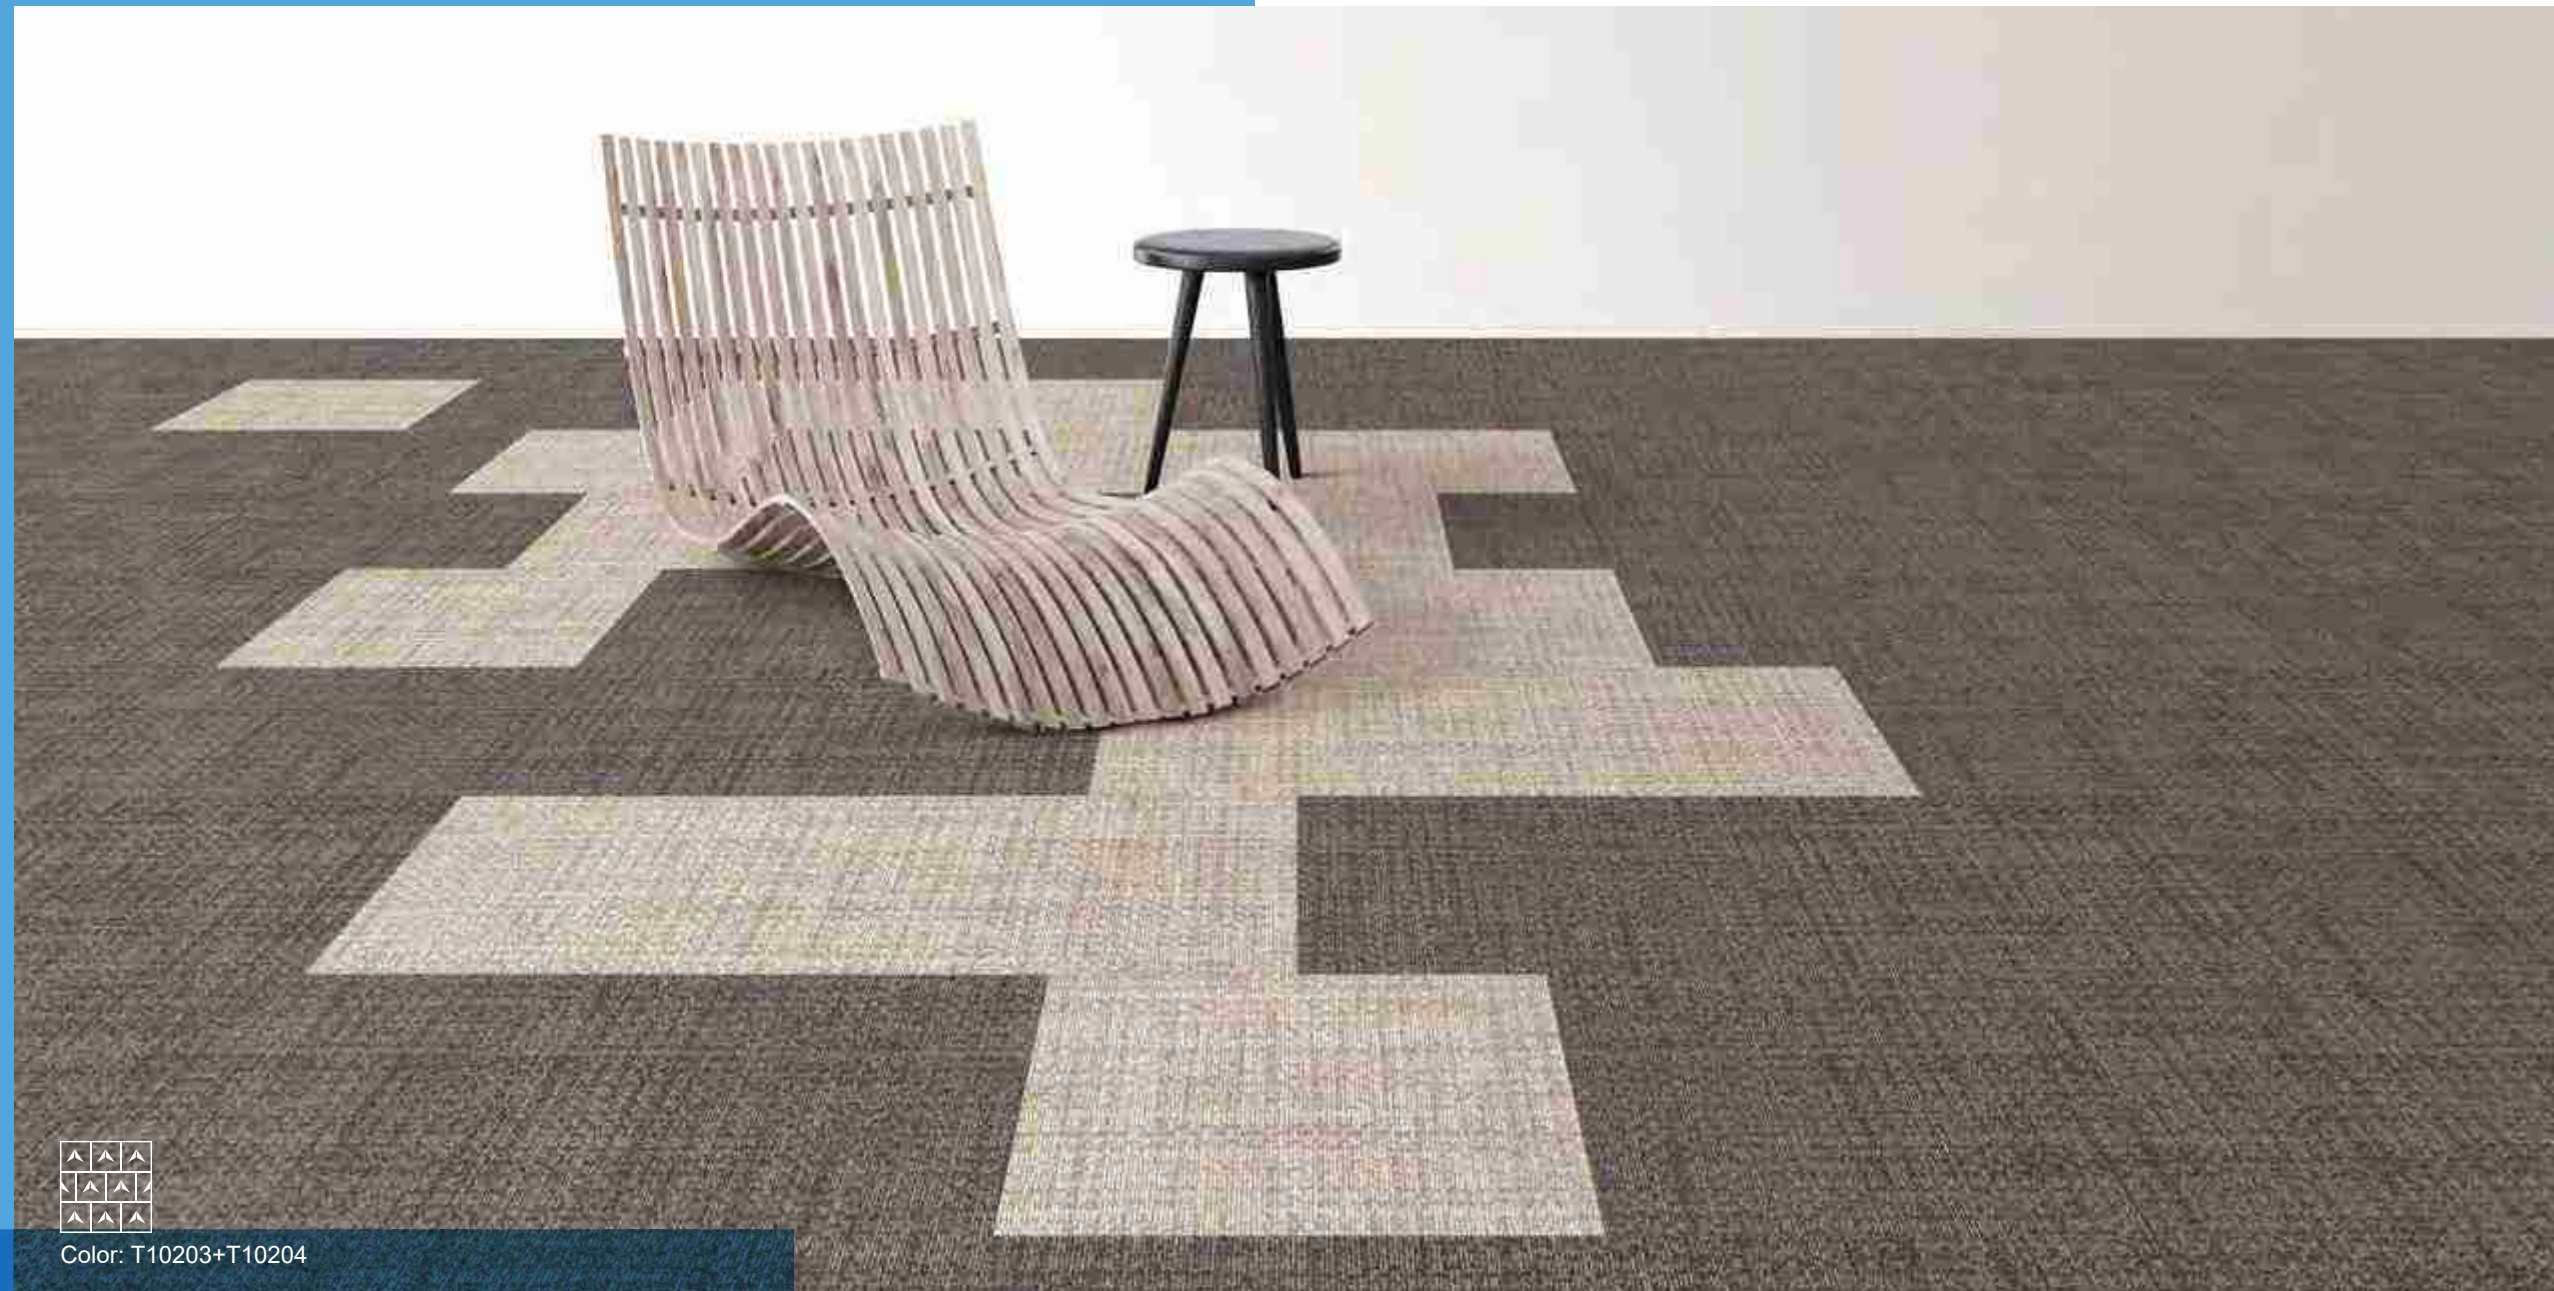

All images are computer generated files and may not exactly represent actual installation appearance and tile seams. Full tiles can be provided if required.

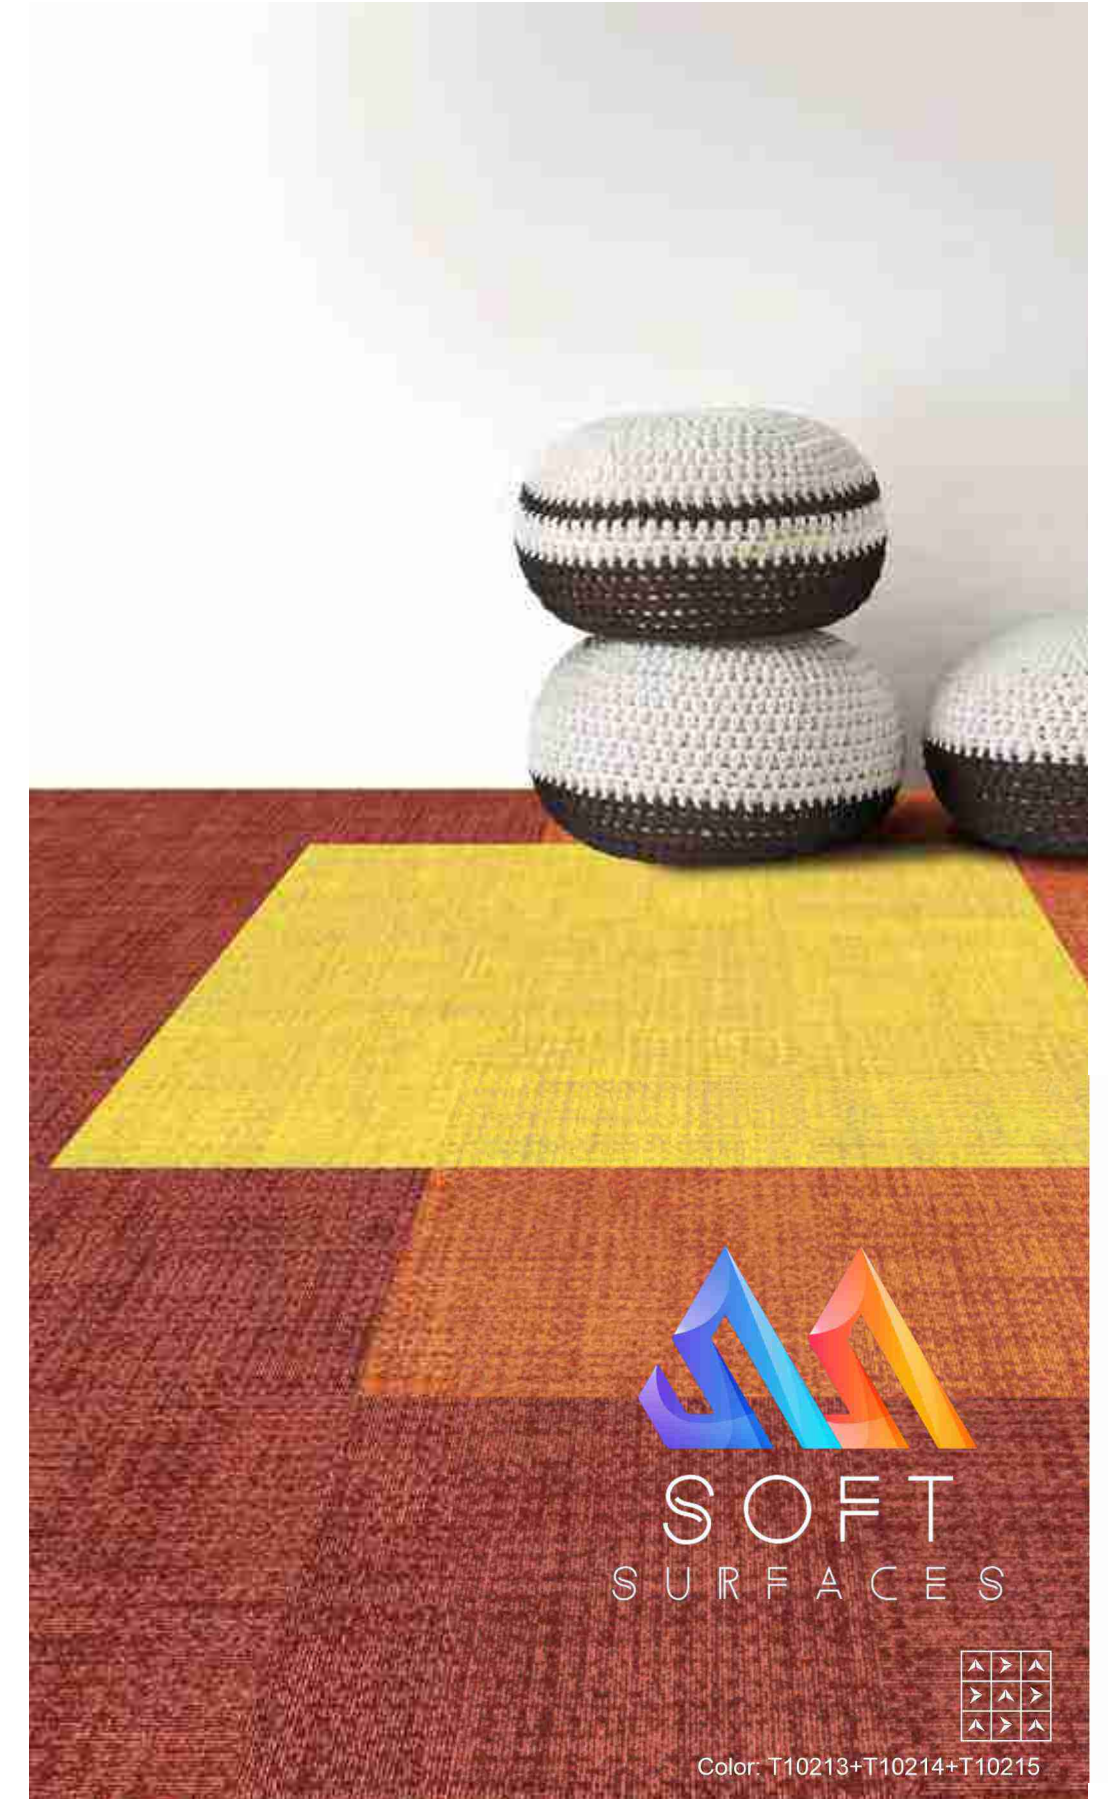

# T102 LINEN

Linen is known as one of the most durable natural fibers with a very soft and light texture. The way linen fabric is woven provides an exceptional performance in hot and humid weather as well as a unique pattern that brings a sense of freshness and calmness.

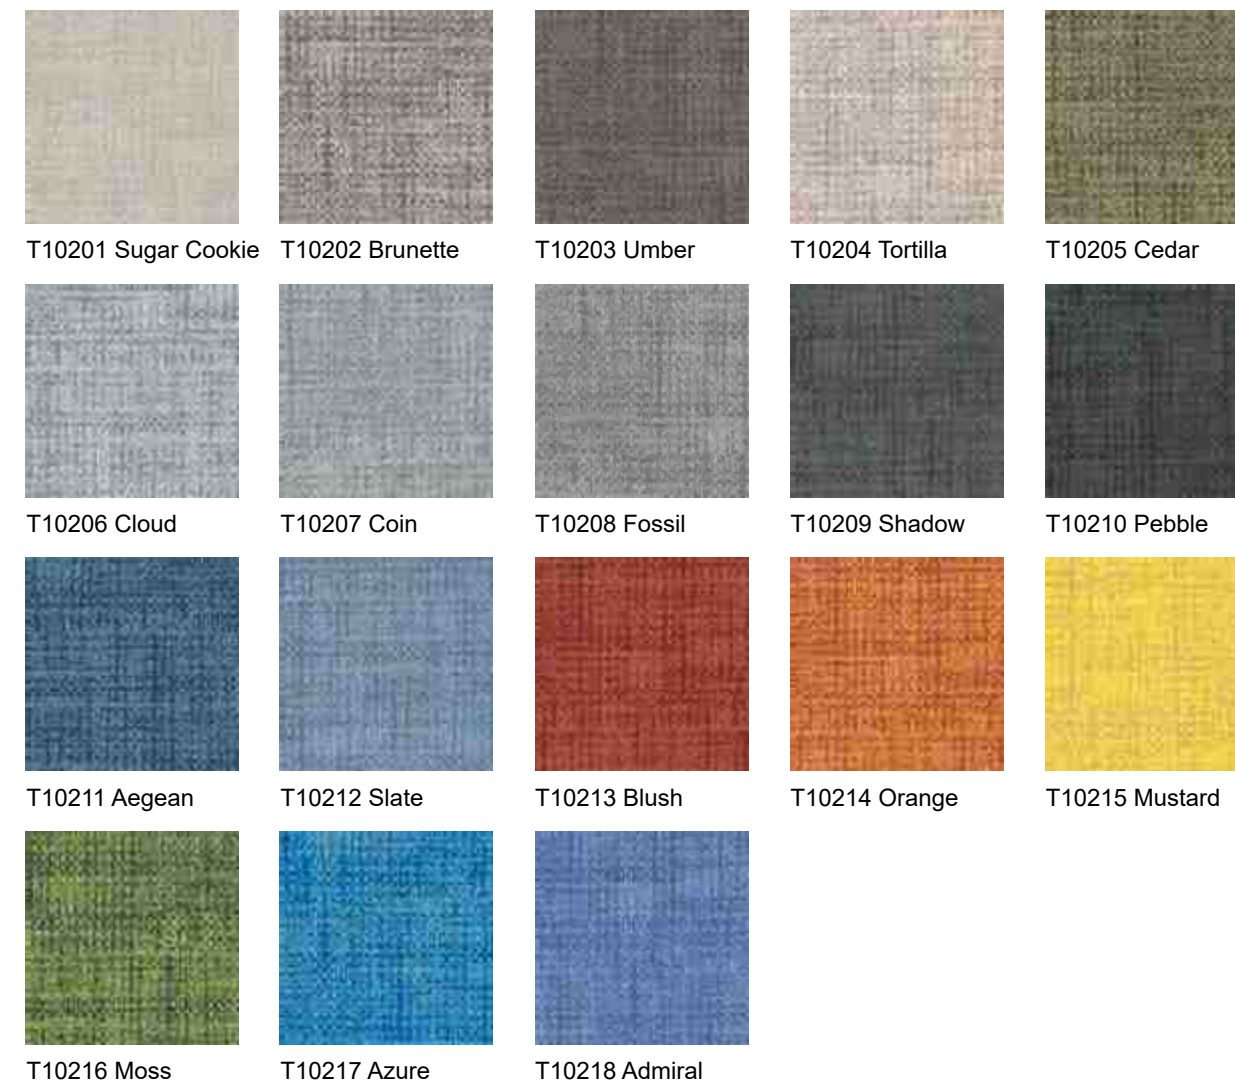

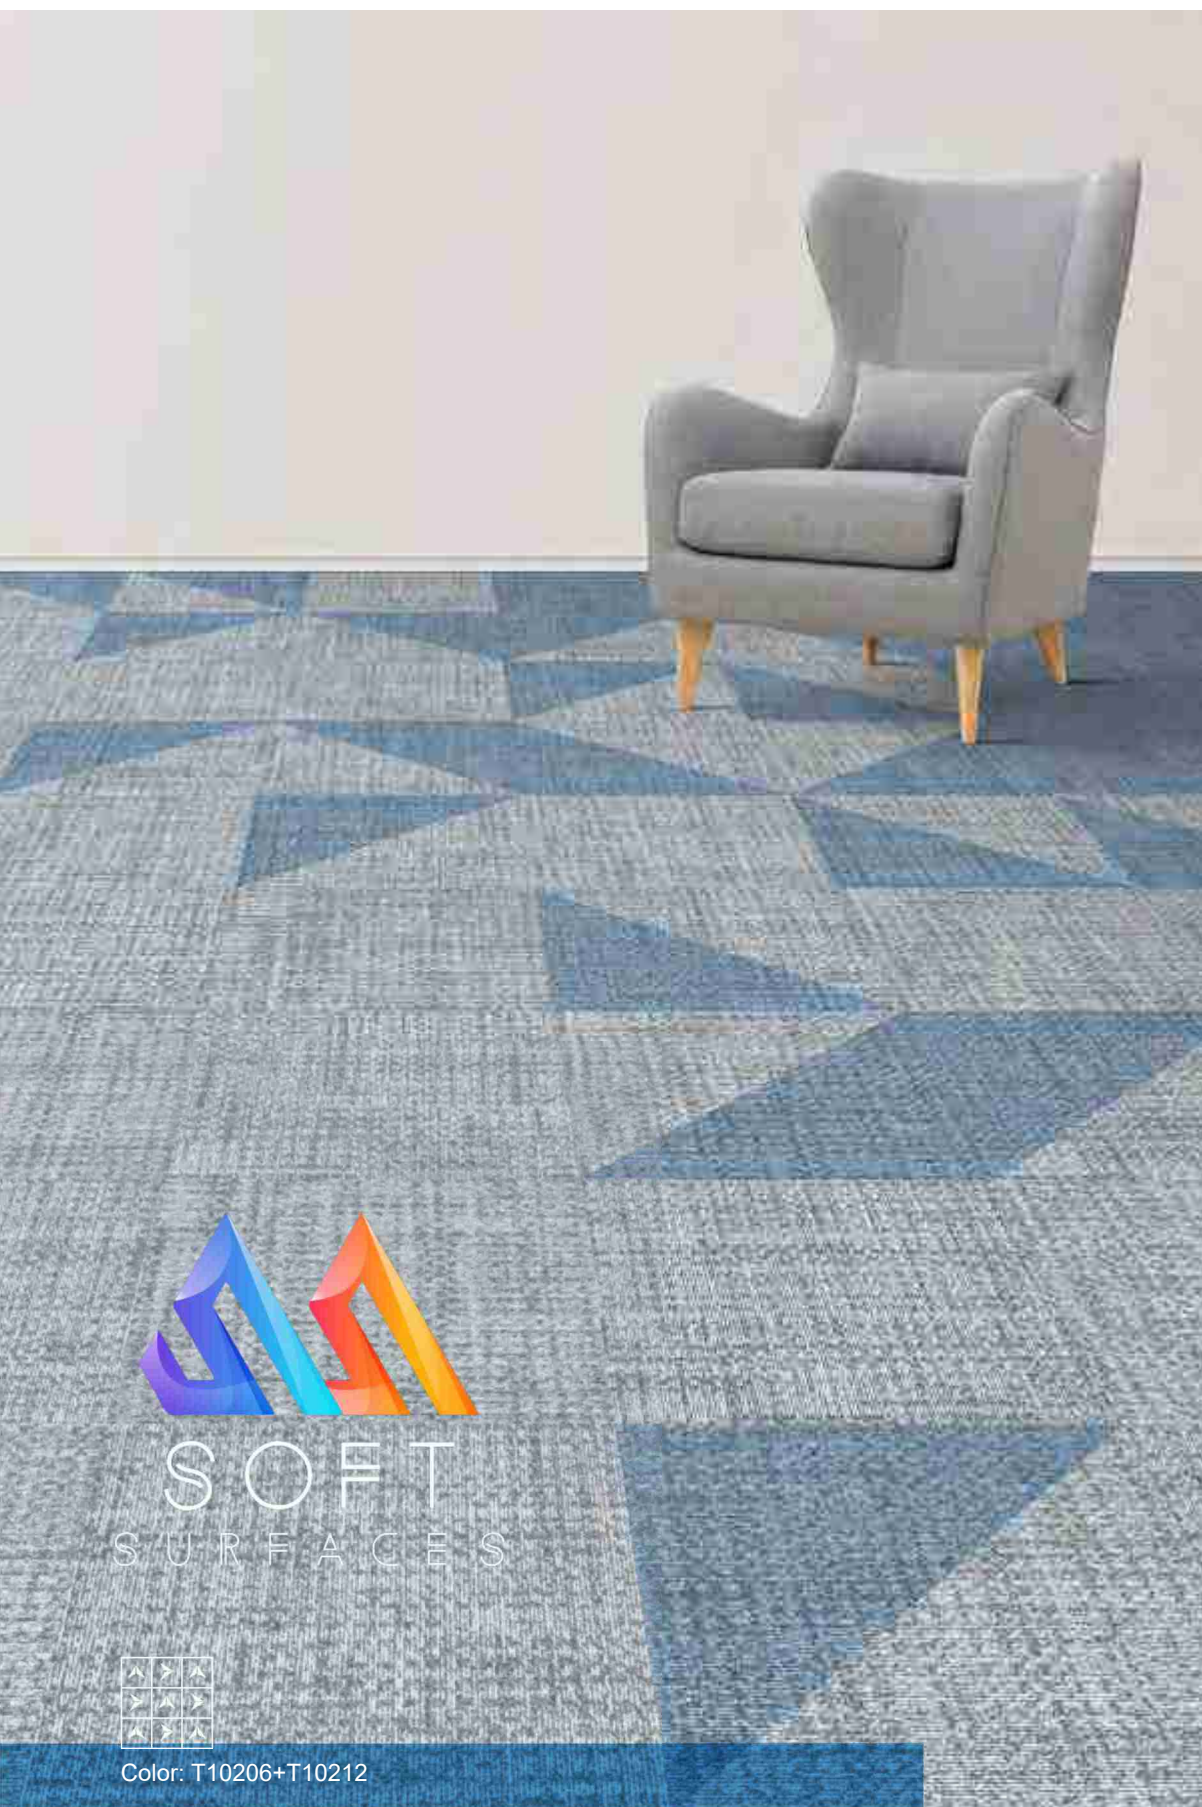

Color: T10203+T10204

Color: T10213+T10214+T10215

 Stain Resistance : Stainshield Treatment: **STAINSHIELD™**  
 Soil Resistance : Soil Guard Treatment: **SOILGUARD™**

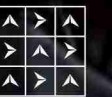

# T663 SKATE

Ice skates draw smooth lines but leave behind complex tracks. Inspired by figure skating, the designer uses fine lines to recreate the smoothness and elegance of the ice rink into an exceptional and elegant office space.

# T670 SHADOW

As you pass the streetlight at night, you notice the shadow becoming gradually longer until it disappears. Shadow can create a sort of puppet show by changing the shape of your hand between the light. Shadows are everywhere, in real life, art, and architecture.

# T671 IN-MOTION

The world is always in motion in one form or another. From static to kinetic, every object has some form of energy. Motion is a term that applies to a change in position, shape, boundary and many other aspects and is also a vital law of physics. In-Motion is a unique state of not being stationary and experiencing a sense movement, time and the space.

T6166 Shadow

T6167 Spruce

T6168 Charcoal

Product Name :	T616 "Fast Lane"
Face Yarn :	nexlori™ Premium Solution Dyed Nylon with Stain & Soil Resist Technology
Dye Method :	Solution Dyed
Construction :	Hi / Mid / Lo Loop
Pile Height :	4.0 / 3.5 / 3.0 mm
Tile Size :	500 mm x 500 mm
Electrostatic Propensity :	≤ 2.0 KV (GB/T 18044-2008)
Standard Backing :	Recyclable TUNTEX Commercial Duraback
Foot Traffic :	Heavy
Stain Resistance :	Stainshield Treatment <b>STAINSHIELD™</b>
Soil Resistance :	Soil Guard Treatment <b>SOILGUARD™</b>

# T617 CRISS-CROSS

T6171 Peanut    T6172 Cedar    T6173 Fossil

T6174 Anchor    T6175 Spruce    T6176 Syrup

Product Name :	T617 "Criss-cross"
Face Yarn :	nexlon™ Premium Solution Dyed Nylon with Stain & Soil Resist Technology
Dye Method :	Solution Dyed
Construction :	Hi / Mid / Lo Loop
Pile Height :	6.0 / 4.5 / 3.0 mm
Tile Size :	500 mm x 500 mm
Electrostatic Propensity :	≤ 2.0 KV (GB/T 18044-2008)
Standard Backing :	Recyclable TUNTEX Commercial Duraback
Foot Traffic :	Heavy
Stain Resistance :	Stainshield Treatment <b>STAINSHIELD™</b>
Soil Resistance :	Soil Guard Treatment <b>SOILGUARD™</b>

## The Essential Tiles for Elegant and Luxurious Indoor Spaces

Tuntex' s LVT designs can match with modular carpets and fit in any kinds of interiors. The LVT collection utilises the latest technology and added quality fiberglass veil so the tiles can achieve dimensional stability. At the same time, the collection contains the most advanced X-Shield PU protection.

### Tuntex Loose Lay Construction

Anti-skidding

Fire-resistant

Comfortable

Stable

Easy Installation

Anti-Microbial

Safe and healthy (includes bio-based materials and free of phthalates)

**X-SHIELD™**  
Mohs's scale of hardness  
approximately 9.4

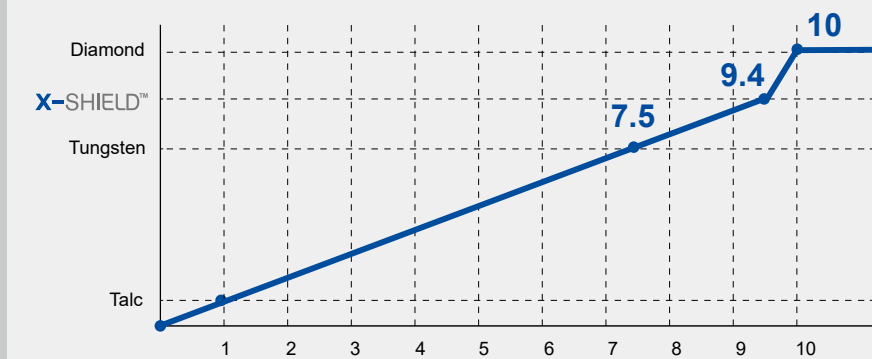

10 years warranty

## X-SHIELD™

- The majority of PU coating in the market is Aluminum Oxide. X-SHIELD™ is an Improved PU coating, giving us a 30% -40% improvement over regular PU coating, therefore offering better scratch and scuff resistance, and better performance for staining and wear.
- Crux of this coating is the proprietary particle which has been incorporated into the polyurethane and has a hardness rating higher than Aluminum Oxide.
- X-shield's particle has a Mohs Scale reaching close to 9.4.

↑ **30-40%**

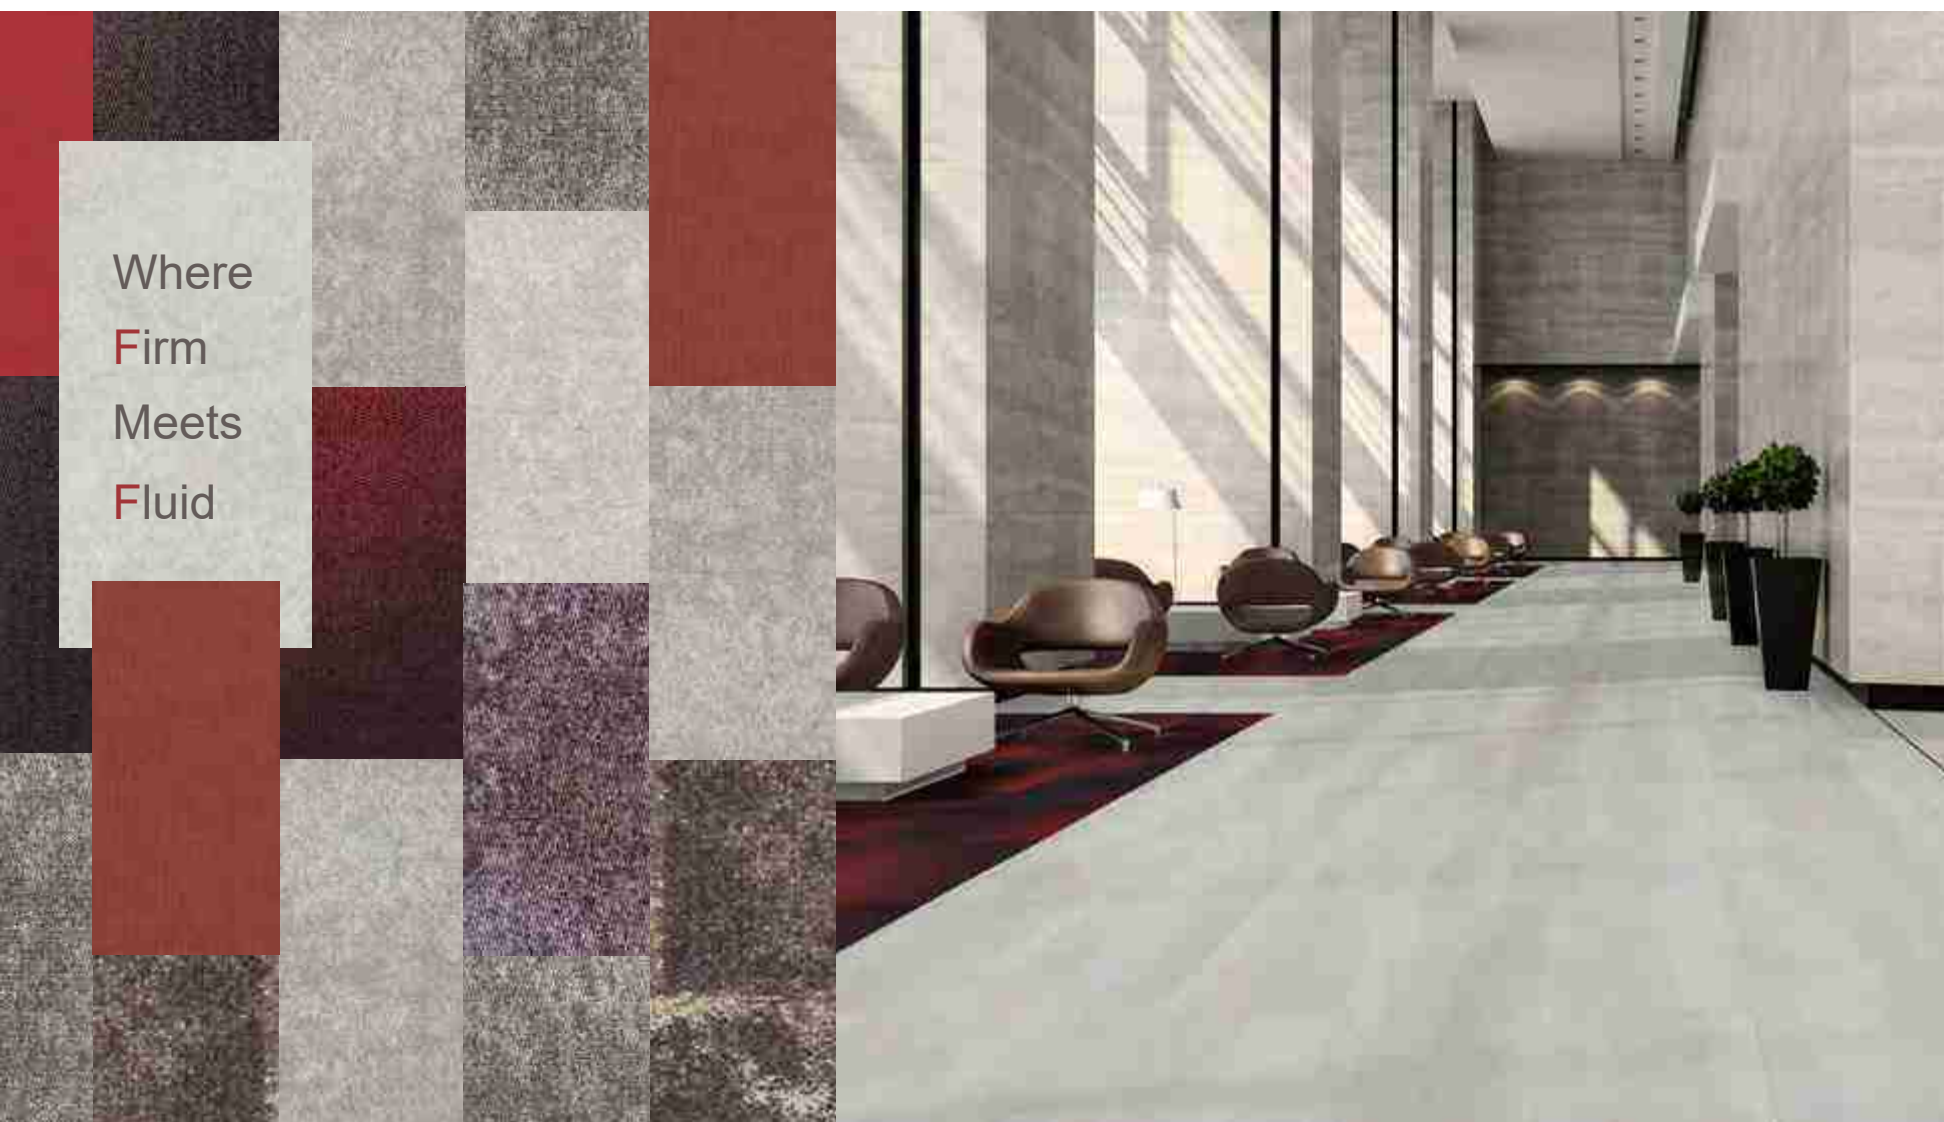

X-shield is an Improved PU coating, giving us a 30% - 40% improvement over regular PU coating.

**MOHS  
SCALE**

# V261 MARBLE

V261-1 Travertine

V261-2 Topaz

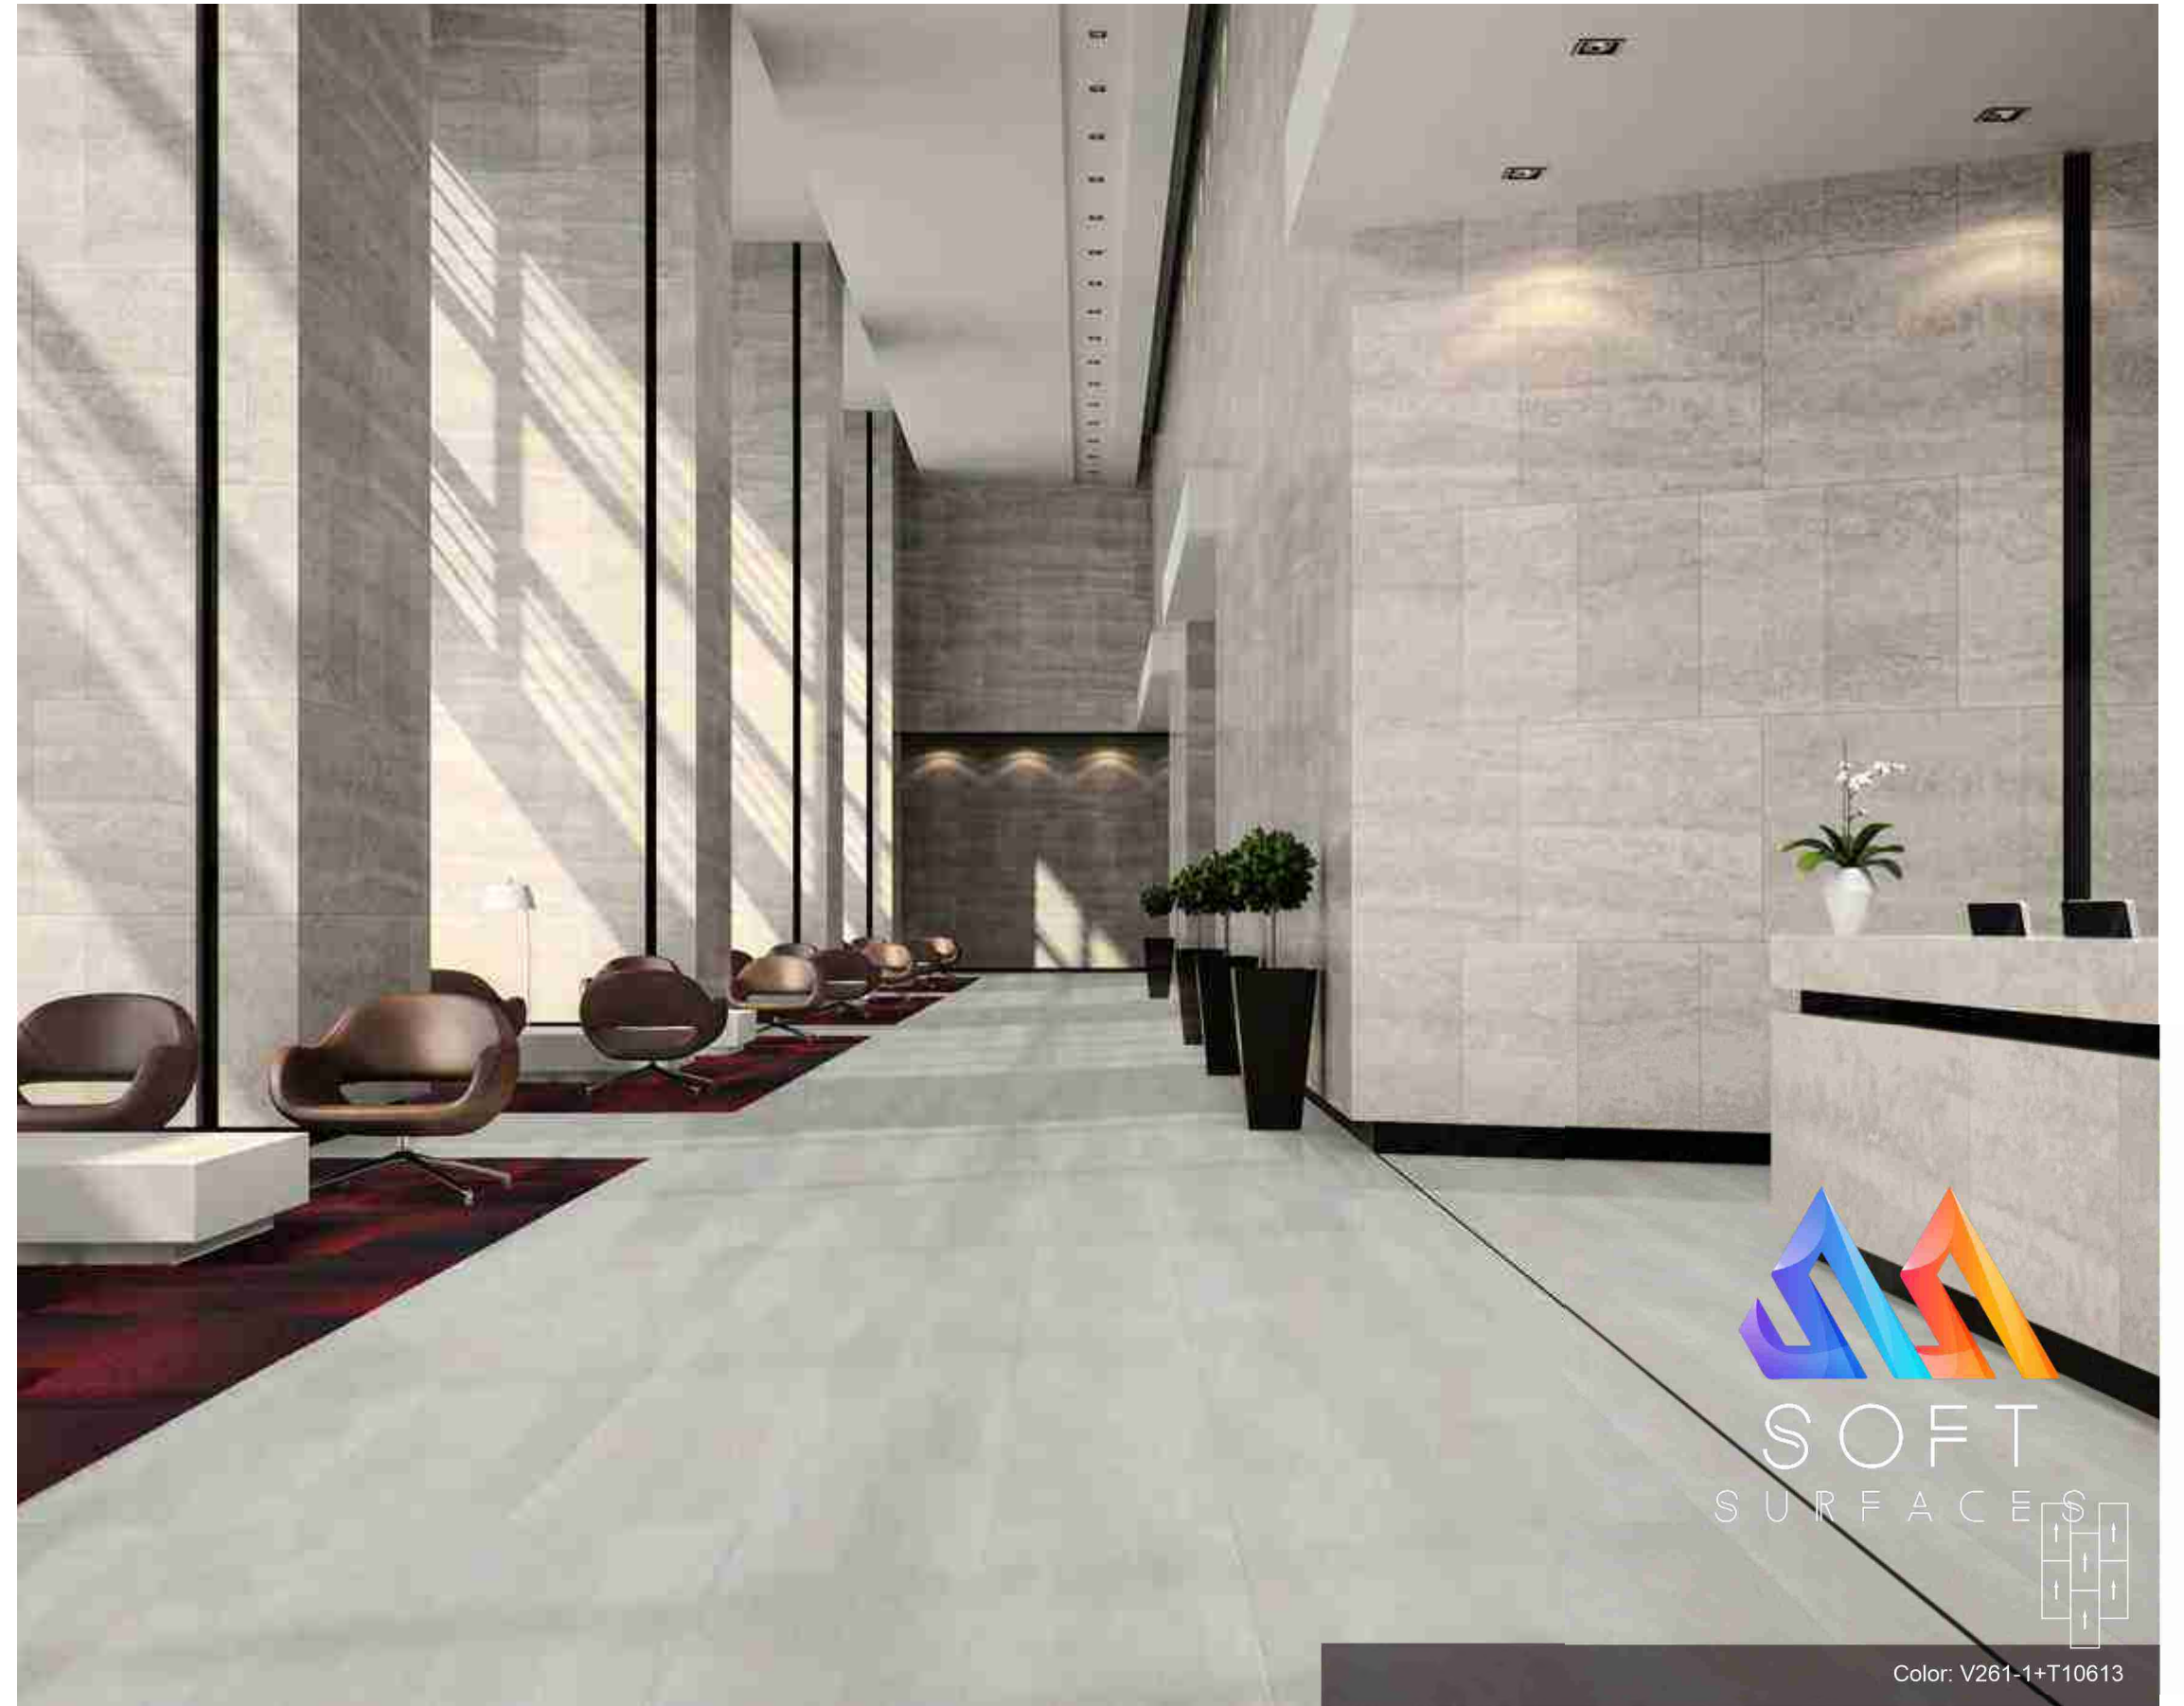

V261-3 Mica

V261-4 Flint

Product Name :	V261 "Marble"
Product Construction :	Solid PVC Luxury Vinyl Tile
Overall Thickness :	5 mm
Size Available :	500 mm W x 1000 mm L
Wear Layer Thickness/Type :	0.55 mm Solid PVC - Exceeds ASTM F 1700
Anti-Slip Layer :	Allows Installation Without Glue( Moderate Traffic)
Edge Design :	Microbever
Water Resistance :	Waterproof
UV-Cured Polyurethane CoatingUV :	<b>X-SHIELD™</b> Polyurethane Coating
Increased Dimmensional Stability :	Fiberglass
Installation Method :	Loose Lay/Perimeter Adhesion
Recommended Adhesive :	TX-500

Color: V261-1+T10613

# V262 CONCRETE

V262-1 Mudstone

V262-2 Granulite

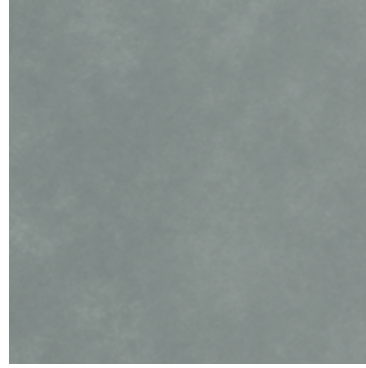

Color: V262-1+T66704

Product Name :	V262 "Concrete"
Product Construction :	Solid PVC Luxury Vinyl Tile
Overall Thickness :	5 mm
Size Available :	500 mm W x 500 mm L
Wear Layer Thickness/Type :	0.55 mm Solid PVC - Exceeds ASTM F 1700
Anti-Slip Layer :	Allows Installation Without Glue( Moderate Traffic)
Edge Design :	Microbever
Water Resistance :	Waterproof
UV-Cured Polyurethane CoatingUV :	<b>X-SHIELD™</b> Polyurethane Coating
Increased Dimmensional Stability :	Fiberglass
Installation Method :	Loose Lay/Perimeter Adhesion
Recommended Adhesive 推 :	TX-500

# V263 PORCELAIN

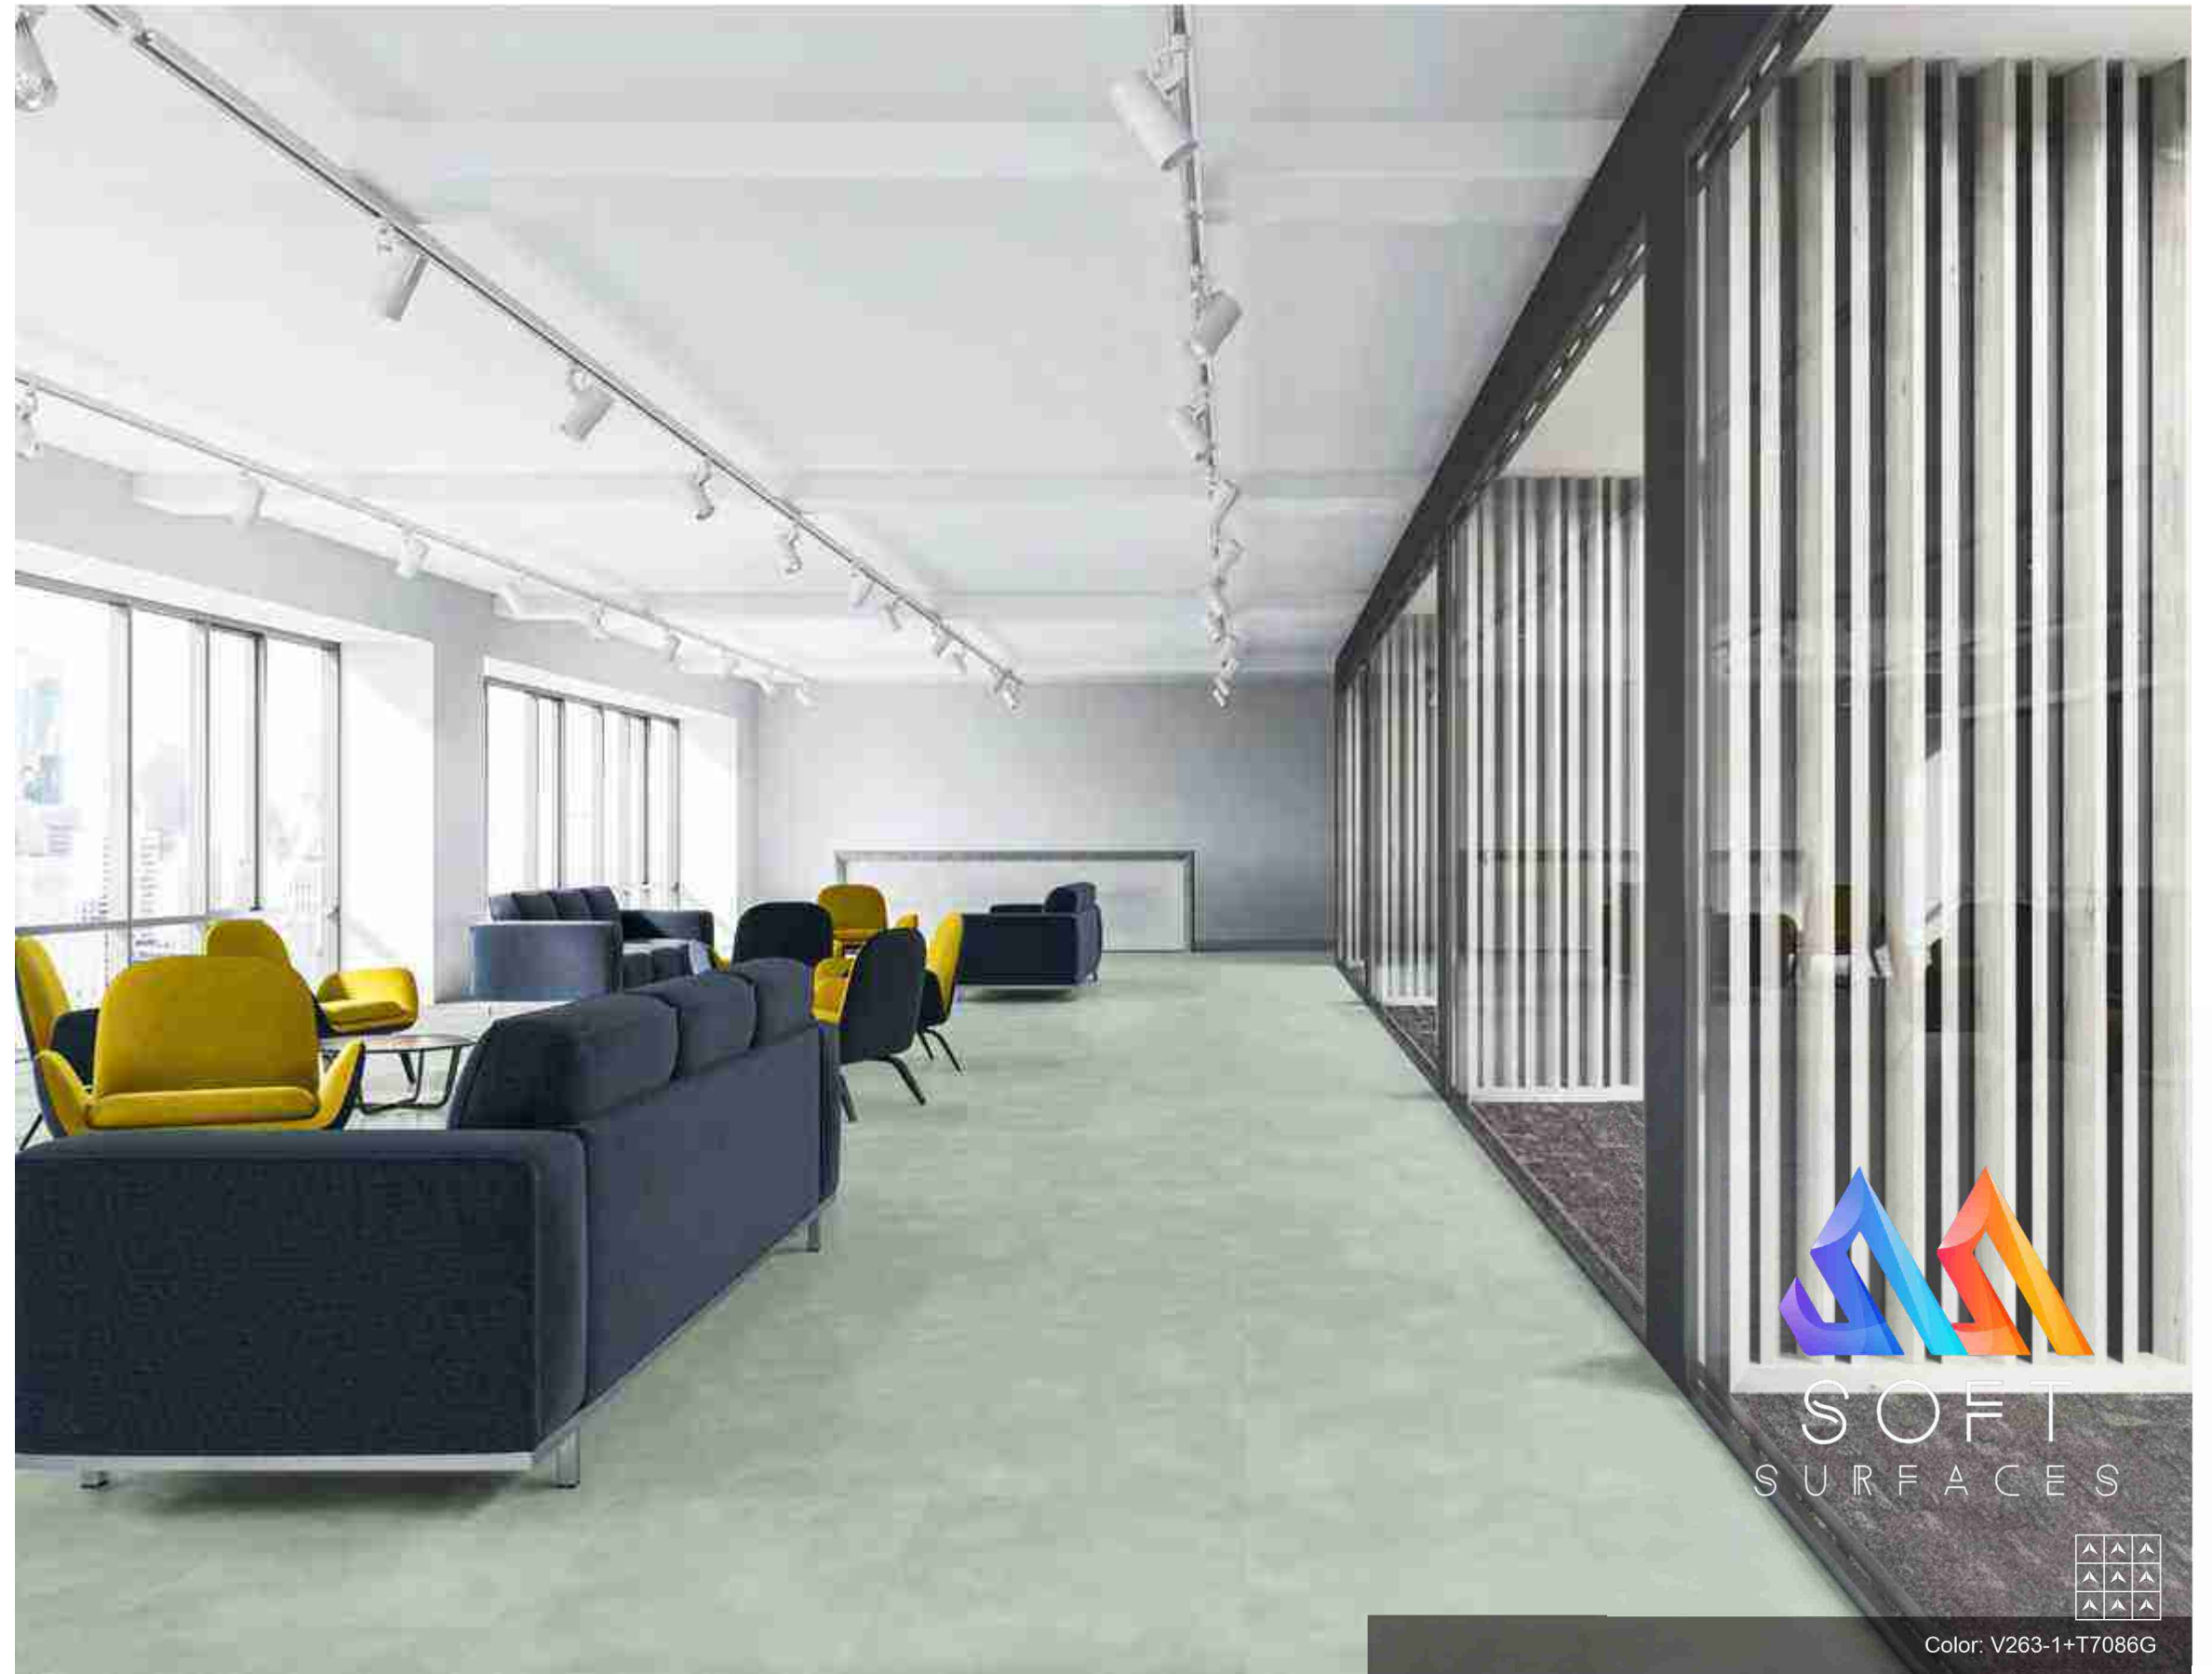

V263 -1 Magnesite

V263 -2 Limestone

Product Name :	V263 "Porcelain"
Product Construction :	Solid PVC Luxury Vinyl Tile
Overall Thickness :	5 mm
Size Available :	500 mm W x 500 mm L
Wear Layer Thickness/Type :	0.55 mm Solid PVC - Exceeds ASTM F 1700
Anti-Slip Layer :	Allows Installation Without Glue( Moderate Traffic)
Edge Design :	Microbever
Water Resistance :	Waterproof
UV-Cured Polyurethane CoatingUV :	<b>X-SHIELD™</b> Polyurethane Coating
Increased Dimmensional Stability :	Fiberglass
Installation Method :	Loose Lay/Perimeter Adhesion
Recommended Adhesive :	TX-500
